Policy compliance results

[Click here for Wellness Policy Comparison Results](#)

Wellness policy goals

1. Currently working with FSMC to provide healthier breakfast options daily.
2. Goals met for physical activity with PE, recess, and health classes district wide.
3. Provide posters to teachers to help promote school meal programs and place posters throughout the buildings. The FSMC will promote the school meal program with fun holiday activities and events throughout the school year.

Key Achievements

1. Promoting the school meal programs by different promotions and holiday celebrations that the students really enjoy.
2. More recess time and not taking recess away for discipline.
3. Health lessons in the classrooms and brain breaks with different activities.

Next Steps

The Wellness Committee will meet two times per school year, at a minimum, and will continue recruiting staff and community members to join the committee. The Wellness Committee will continue working to eliminate rewards with food/drink at all levels. Will provide a list of non-food and non-drink reward suggestions.
